General Office Information

Our Mission

The mission of the Office of Accessibility at The University of Akron is to provide students with full access to and the opportunity for full participation in the academic environment. We are advocates of social justice for students with disabilities and work to end oppression by examining the social, cultural, and institutional barriers to inclusion of all students. We embrace the diversity of our student body and celebrate a culturally sensitive and accessible campus through outreach, partnership, and advocacy with all university departments.

Relevant Federal Laws

In addition to the mission of the Office of Accessibility, the following two directives from federal laws guide the efforts at this office and The University of Akron to provide an accessible experience in higher education. The Rehabilitation Act of 1973 prohibits discrimination on the basis of disability in federally funded programs and activities. The Americans with Disabilities Act (ADA) of 1990 is a civil rights law that prohibits discrimination against individuals with disabilities in the areas of employment, state and local government, public accommodations and services, transportation, and telecommunications.

College students with disabilities are covered in Title II of the ADA. Students often experience a transition from the provisions of the Individual with Disabilities Education Act (IDEA) that guided their services in high school and the federal guidelines of the Rehab Act of 1973 and ADA that are relevant in higher education.

Pursuant to the Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act (ADA) of 1990, The University of Akron does not discriminate against any student, because of a disability and does not exclude any qualified student with a disability from participation in or from receiving the benefits of the services, programs, or activities of the University.

Maintenance and Disclosure of Records of Disability

Policy for Maintenance and Disclosure of Student Records Related to Disability

The Office of Accessibility maintains records of a student's disability according to the guidelines of the Family Educational Rights and Privacy Act (FERPA). These records are maintained in the Office of Accessibility, separately from the student's academic records, which are maintained elsewhere in the institution (Registrar and/or appropriate academic unit). Records received by the Office of Accessibility that appear to contain information unrelated to the determination and provision of academic accommodations, auxiliary aids and services will be returned to the provider. Information retained by the Office of Accessibility will be only that which is determined to be related to the disability and provision of academic accommodations.

Procedure to Request Release or Review of Student Records Related to Disability

The student should request the release or review of the specific information by filling out the Office of Accessibility "Request for Release or Review of Information" form. The student may need to schedule an appointment to meet with the appropriate Disability Specialist to release or review the requested information.

COVID-19 Related Office Information

As the situation surrounding COVID-19 continues to evolve, the health and well-being of our campus community is a matter of great importance. Our top priority continues to be supporting students registered in The Office of Accessibility and the entire University of Akron community through the delivery of services and accommodations. In order to ensure this priority is met, while still maintaining the health and well-being of our students, faculty, and staff, The Office of Accessibility continues to offer appointments in various formats to meet the needs of students while monitoring recommendations of University Administration.

As we return to campus, current students already registered with the Office of Accessibility, should log into STARS and their University email for frequent updates and critical communication from our office related to accommodations and services. Additionally, students should connect with their assigned Disability Specialist to help navigate current accommodation plans and to address any related concerns.

Students should email the Office of Accessibility at access@uakron.edu or their Disability Specialist directly with questions or to schedule virtual appointments.

We look forward to continuing to support our campus community and ensuring that our students receive the same exemplary service they have come to expect from our office.

COVID-19 Related Accommodations

The Americans with Disabilities Act (ADA) protects individuals with disabilities from discrimination based on disability. The University may not discriminate against students who are qualified and are able to perform its essential functions, with or without accommodation. The ADA requires the University to make reasonable accommodations for students with disabilities. The ADA creates an exception for not providing accommodations which may pose a direct threat to others. A direct threat is defined as a significant risk of substantial harm to the health or safety of that student or others, which cannot be eliminated or reduced by a reasonable accommodation.

Students with COVID-19 related accommodation requests should complete the registration process outlined at <https://uakron.edu/access/students/registering/>, and each case will be reviewed on a case by case basis to determine what accommodation is appropriate for the safety of the requester and students and faculty on campus.

General information regarding COVID-19 related policies and procedures on campus can be found at: <https://uakron.edu/return-to-campus/>.

Accessing Accommodations

How to Register with the Office of Accessibility ... Easy as 1, 2, 3!!

1. Get Started at The University of Akron

- Applying for admission to The University of Akron and applying for services with the Office of Accessibility are two different processes.
- Students need to apply, be accepted, and enroll in classes before attending an intake appointment.
- Students can register with the Office of Accessibility *at any point* while enrolled at The University of Akron.

2. Submit New Student Application and documentation

- The Office of Accessibility recommends submitting the New Student Application and documentation 3 months prior to enrollment.
- Complete the New Student Application to register with the Office of Accessibility. The new student application is a brief online questionnaire designed for students to describe the impacts of a disability. STARS is the online system that allows students to quickly and easily request and notify faculty of approved accommodations: <https://york.accessiblelearning.com/s-Akron/ApplicationStudent.aspx>.
- After completing the new student application, students should upload current, disability-related documentation of their disability(ies) completed by a **qualified professional**. The Office of Accessibility has specific guidelines available in Simmons Hall 105 and online at <https://www.uakron.edu/access/forms/>. The Office of Accessibility will not accept disability-related documentation from treatment professionals who are related, in any way, to the student requesting services.

3. Schedule an intake appointment

- Once a new student application has been reviewed, including complete documentation, an Office of Accessibility staff member will follow-up to schedule an intake appointment. If any information in the application is incomplete, a staff member will contact the student to address what is needed via phone.
- During the intake appointment, you will discuss:
 1. Eligible services based upon documentation and disability-related needs.
 2. Training on our online accommodation request system (STARS).
 3. Any other questions/concerns about The University of Akron, our office, and preparation for attending college.
- Upon scheduling your Intake, you can expect to receive documents and materials necessary for the completion of the Intake appointment, via email. Please have these materials readily available during your appointment time.
- A support person (parent/guardian, spouse, case manager) is welcome to participate in the appointment.
- In order to complete your intake appointment, you will need to have access to the internet at the time of your scheduled appointment.
- The appointment will last approximately 1 ½ hours.

4. Submit Additional Documentation

- Students have the ability to submit additional documentation through the Additional Documentation form within STARS. Students should utilize this form when needing to submit additional documentation. Students may consider submitting additional documentation for many different reasons. These reasons may include, but are not limited to:
 - Sustained a Temporary Medical Condition (broken bone, concussion, unexpected hospitalization);
 - An exacerbation of current disability-related symptoms;
 - Additional disability diagnosis;
 - Submitting documentation for the review of Provisional status;
 - Requesting the review of current documentation on file for eligibility of a new accommodation.

- Students should upload current, disability-related documentation of their disability(ies) to STARS completed by a **qualified professional**. The Office of Accessibility has specific guidelines available on our website or in Simmons Hall 105. The Office of Accessibility will not accept disability-related documentation from treatment professionals who are related, in any way, to the student requesting services.
- Students are encouraged to contact their Disability Specialist with questions or to discuss the process of submitting additional documentation.

What are Accommodations?

An accommodation is a support that is put in place for a course, program, service, job, activity, or facility designed to eliminate or minimize disability-related barriers. There are many ways to accommodate a situation or activity. Accommodations vary based on individual circumstances and disability-related documentation.

In order for an accommodation to be considered, it must not:

- Compromise the essential requirements of a course, program, job, activity, or facility.
- Cause an undue administrative or financial hardship.
- Compromise the safety to you or others.
- Fundamentally alter a course or program.

How to Request Accommodations

Students must follow these steps EACH SEMESTER if they wish to utilize accommodations!

• Schedule your classes

- It is important to organize your schedule in a way that works best for you! Consider the following before meeting with your advisor:
 - ✓ Check MyAkron for your registration dates so that you can schedule your classes as soon as they are open to you.
 - ✓ Should you schedule breaks between classes? This is especially helpful if extended time on testing is one of your accommodations.
 - ✓ When do you function your best? You may want to schedule classes at a certain time of day due to medication or other reasons.
 - ✓ Should you limit the number of “heavy” reading, math-related, or writing-intensive courses that you take at the same time? Try to balance your schedule so that it works best for you.
 - ✓ How important is the specific location of each of your classes?
 - ✓ Is it best for you to take a full or part-time course load?

• Be Aware of Deadlines for Accommodation Requests

- Some accommodations have deadlines in order to have sufficient time to coordinate services. Deadlines are located at www.uakron.edu/access.
- Please request accommodations as soon as possible to avoid deadlines.
- If a deadline is missed, services will **NOT** be denied. However, they may take significantly longer to implement.

• Request Accommodations through STARS

- Students must request accommodations if they intend to use the accommodations in class.
- Log in to the Student Testing and Accommodation Request System (STARS) website <https://andes.accessiblelearning.com/Akron>
- Select the courses that you would like accommodations for and click “Step 2- Continue to Customize Your Accommodations.”
- Mark the specific accommodations that you need for each class.

- Check the box if you would like your accommodation letters to be emailed to your professors. If you do not check the box, the letters will not be emailed to your professors.
- **IMPORTANT**- If you change your schedule, it is your responsibility to update your accommodation request in STARS. We are unable to process requests for added classes or schedule changes unless the accommodation request is updated.
- *Forget how to request your accommodations through STARS? We can help you!*
 - ✓ Watch the “How to Request Accommodation Letters” tutorial at www.uakron.edu/access.
 - ✓ Come to the OA during office hours and a staff member will assist you.
 - ✓ Schedule a meeting with your Disability Specialist for assistance.
- **Accommodation Letters are Emailed to Law School Administrators**
 - Accommodation letters are the formal description of the services and accommodations students will receive through the Office of Accessibility.
 - One week before the start of the semester, letters are emailed to **Misty Franklin** who will work with the student to coordinate accommodations through the School of Law. Instructors do not receive the accommodation letter at this time.
 - Letters can be emailed to professors at any time, upon the student’s request.

* Sample Accommodation Letter

Letter of Classroom Accommodation - Spring 2015

Student Name: **Zippy Roo**
 Student ID: 00 - 000 - 01
 Class: 1000 100.001 - OA EXPERIENCE (CRN: 10000)

The above named individual is a student with a disability who has requested accommodations and assistance from the Office of Accessibility. He/She has provided this office with individualized, confidential documentation from a qualified professional that substantiates the disability.

Federal law and University policy require that the University create an environment where students with various disabilities can partake of the programs and services we have to offer in a nondiscriminatory manner. In pursuant to University policy #33-59-20-01 subsection C, The University of Akron recognizes its responsibility for creating an institutional atmosphere in which students with disabilities have the opportunity to be successful. The recommended classroom accommodations for this student are as follows:

1. Alternative Testing

- Time extensions for completing tests and in-class work equal to 50% additional time. Students must notify instructor and make arrangements prior to test date. If the instructor is unable to provide the testing accommodations, the student may be required to contact the Office of Accessibility a minimum of four days prior to the test date for scheduling.
- Testing in a distraction reduced space (provided by the instructor whenever possible, or by the Office of Accessibility)

2. Equipment

- Use of tape recorder in the classroom. Student may be asked by the professor to sign the tape recorder agreement form. This form can be requested by the student or professor by contacting the Office of Accessibility.

The accommodations based on a disability are intended to remove barriers to learning and demonstration of knowledge between students with disabilities and students without. Students may choose not to use all of these accommodations in your class. Office of Accessibility policy suggests that students speak to you about these accommodations and maintain necessary communication with you and the Office of Accessibility to coordinate services throughout the semester. Each student is ultimately responsible for notifying you of these accommodations in a timely manner. In some courses, students may be required to perform technical standards which may not be reasonable accommodations. Consultation with the Office of Accessibility may be necessary in these situations.

If you have any questions concerning the implementation of these accommodations in your classroom or if you believe that any of these accommodations are incompatible with fundamental course objectives, please call me at 330-972-7928.

Sincerely,

Jessica DeFago

- **Schedule an Appointment with Law School Administrators to Coordinate Services**

- After registering with the Office of Accessibility, each student is required to meet with Law School administrators to review how accommodations will be implemented by the School of Law. Maintaining good communication with instructors, the School of Law, and the Office of Accessibility is key to making this a smooth process.

Director of Online Education & Academic Affairs

**Ask your Disability Specialist if you would like assistance communicating with the Law School.*

- **Contact your Disability Specialist if You Have Questions**

- Call (330) 972-7928.
- Email directly.
- Meet virtually through Microsoft Teams.

IMPORTANT: Accommodations are NOT retroactive. This means that services and accommodations apply only from the point at which the student requests the accommodations AND communicates the desire to use each of their approved accommodations.

Testing Procedures

All testing accommodations for Law students are coordinated, scheduled, and proctored by the School of Law. The following Law School administrator will work with you to coordinate testing services:

Misty Franklin
Director of Online Education & Academic Affairs
(330) 972-6456
misty@uakron.edu

Examples of Testing Accommodations

- **Extended time-** The specific amount of extended time depends on the impact of the disability and is determined by the student's Disability Specialist.
- **Distraction reduced space-** Small, quiet rooms are available for testing; However, we are unable to guarantee isolated space.
- **Test proctors (reader and/or scribe)-** Readers may read and repeat test questions verbatim for student; Scribes write down answers to test questions verbatim as dictated by the student.
- **Use of technology on tests-** Includes computers, CCTV, adaptive software, etc. depending on the students' disability-related needs.

Guidelines for Utilizing Testing Accommodations

- Students should request exam accommodations utilizing The University of Akron School of Law Special Exam Accommodation form located within the Law School Student Resources Brightspace page under Exams.
- Students should request exam accommodations by the deadline indicated by the School of Law. The School of Law will make a good faith effort to fulfill requests submitted after this deadline, but it cannot be guaranteed.
- Students who request exam accommodations will receive an email outlining the details of each exam, including the date, time, and exam location. Students should be aware that they may be assigned to a testing room with other students receiving testing arrangements, including those who may be enrolled in the same course section.
- If a change of testing date or time is needed due to the student's disability, the student must consult with his/her Disability Specialist and the School of Law to determine if the request is reasonable.
- Students are expected to begin their exams on the date and time indicated by the School of Law, which may differ from the start time indicated for non-accommodated exams. All tests in one room will begin at the same time; however, students will be free to leave once they have completed their exam. For evening and weekend exams, if extra time is included in a student's accommodations, the accommodated student will generally be asked to begin the exam before the scheduled start time.
- Students who require distraction-reduced space will be given a place to complete their exams that is distraction-reduced. However, isolated space cannot be guaranteed.

Accommodations for the Bar Examination

Each state controls its own accommodation for the bar exam. Law students with disabilities who believe they will require accommodations in taking the bar examination should inquire early in their legal education as to what will be necessary to obtain accommodations. Students should contact each state in which they intend to take the bar exam to learn that state's process and to access necessary forms. Only the state administering the bar exam knows its own requirements and process. The School of Law does not have this information provided by each state.

Many state boards of bar examiners will request that the Law School provide information on accommodations provided during law school upon a written release from the student. However, please note that receiving accommodations in Law School does not guarantee accommodations on the bar examination.

Students who will be requesting academic accommodations for the bar exam should contact Charlie Oldfield or Nancy Reeves at the School of Law, who can assist with seeking information from various state bar authorities.

Externship, Clinical Experiences, Internship, and Co-op Accommodations

Internship and/or co-op experiences are often very different than a typical classroom format and frequently involve hands-on experiences. As a result, the type of academic accommodations that would be reasonable for these experiences will often be different than those that have been used in the classroom setting.

Guidelines for Students

- Externship/Internship and Co-op: Meet with Associate Dean of Career Services and Strategic Initiatives **Alisa Benedict O'Brien (ab139@uakron.edu)** to understand what is needed to perform the functional requirements of the internship/co-op experience (i.e. physical strength, visual acuity, attendance, etc.).
- Clinical Experiences: Meet with one of the Clinicians to understand what is needed to perform functional requirements of the externship/internship/co-op experience (i.e. physical strengths, visual acuity, attendance, etc.).
- After understanding what is needed to perform these requirements, meet with a Disability Specialist at least **one month prior** to the scheduled start date of the internship/co-op experience.
- A Disability Specialist will consult with the student, the department, and the on-site supervisor as needed to determine and implement any modifications to the student's current accommodations.
- Accommodations are NOT retroactive. This means that services and accommodations apply only from the point at which the student requests the accommodations AND communicates the desire to use each of their approved accommodations.

Please Note: The priority of School of Law exams supersedes all out-of-classroom experiences.

For Your Success Emails and Office of Accessibility Newsletters

The Office of Accessibility periodically sends emails and newsletters to students registered with our office. These correspondences will be sent to your University of Akron email account, as email is the preferred method of communication at The University of Akron. Peer Assistance for Support and Success (PASS)

The mission of The Office of Accessibility's Peer Assistance for Support and Success (PASS) program is for students with disabilities to get involved on campus, get connected with campus resources, feel supported, and learn invaluable skills and strategies to ensure, not only academic success, but lifelong success. The program promotes inclusivity through workshops and events each semester. Students can visit and subscribe to the PASS YouTube channel to view previous workshops and watch additional content provided by the program: <https://www.youtube.com/channel/Uck-p6W7mkBMvhJVTWQ35sGQ>.

The PASS program offers a peer mentorship program to assist students with academic skills. Students can schedule 30-minute regular appointments with vetted peer mentors specializing in upper-level college skills, such as prioritizing tasks, studying skills, time management, and organization. Students should call (330) 972-7928 or email access@uakron.edu to schedule appointments.

Quiet Study Areas

The Office of Accessibility has multiple quiet rooms that are available for student registered with our office to utilize during office hours. These rooms provide a quiet, distraction-reduced environment for students to study. Quiet study rooms may not be available during high volume testing times, including the weeks of midterms and finals. Please call (330) 972-7928 to make a reservation or stop in the Office of Accessibility to check the availability of a room.

Reader/Writer Hours

Reader and Writer hours are available by appointment. These hours may be limited based on availability and the point in the semester. A reader reads the directions, questions, and answer choices to a student but does not interpret, re-word, or explain the assignment. A writer writes down, or otherwise records, student responses but does not create answers for the student or help the student identify answers. Approval of sessions will depend on availability of OA staff and room availability. Requests should be made four business days in advance by calling (330) 972-7928. Contact your Disability Specialist if you are interested in utilizing these services or if additional assistance is needed.

Supports for Temporary Medical Conditions

Temporary medical conditions, including injured limbs, surgeries, pregnancy, and short-term illnesses, may require temporary, short-term accommodations. While the University is not obligated to provide accommodations for students with temporary medical conditions, the Office of Accessibility attempts to accommodate students that may need temporary support accessing the physical campus and the educational curriculum. Please contact us if you have questions about a temporary medical condition.
