

The Office of Accessibility Newsletter

Welcome back to the University of Akron as we begin the Spring 2017 semester.

We are SO glad you are here. The University of Akron is a great place to be. The faculty, staff and everyone who works at the University of Akron embrace the phrase... "You Are UA."

Sounds good, but what does that mean for you?

It means tutoring centers that are ready to assist you in your classes. It means a nationally recognized counseling center that is there when you need someone to talk with. It's the faculty who hold office hours to help when you are stuck on a concept or theory. It's the ZipAssist Office that can guide you through all aspects of what it means to be a student at The University of Akron.

It means the Office of Accessibility that is in place to help you in and out of the classroom as you work to mitigate the symptoms of your disability. Whether that means helping you sending out your Letters of Accommodations for your spring classes, assisting you in setting up your test requests through STARS, to helping you organize your spring semester.

Spring is the time of fresh starts, new beginnings and new expectations. Take control of your classes early, set up a schedule for study and down time. Make sure you are taking advantage of all the resources the University has to offer. The faculty is in place, the tutoring center is ready to go, are you ready to make this your best semester ever? I know you are and we are here to help you realize your dreams.

Come see us and Go ZIPS !!!!!

Kindest regards,

The Office of Accessibility Team

Testing in the Computer Based Assessment and Evaluation Center

In an effort to continue to make our testing processes more efficient and student friendly, the Office of Accessibility has been working with Computer Based Assessment and Evaluation Center (CBA&E).

You must select "time extension" (OA) when you submit the request. Please make a note that the exam will take place in CBA&E in the Additional Comments section of the Alternative Testing request form in STARS.

As previously, students who have requested a proctor (reader and/or scribe) and have requested the distraction reduced space in Computer Based Assessment and Evaluation, should **report to Schrank Hall North 153** on the day of the exam. You will meet the proctor from the Office of Accessibility in that office, and then will be escorted to the testing room.

As a reminder, students who wish to utilize testing accommodations at CBA&E need to:

1. Call CBA&E at 330-972-6511 x3 to reserve the distraction-reduced testing room.
2. If a reader or scribe is required, request testing accommodations in STARS as well.

For students who do not require a proctor, please report to the testing center as normal. Please contact your disability specialist with any questions.
