

## **FACULTY ADVERTISEMENT EXAMPLE #1**

The University of Akron is seeking a Chair for the Department of Finance in the College of Business Administration. The Chair will report directly to the Dean and be responsible for managing the department including faculty recruiting, course scheduling, and merit review processes; evaluating, revising and initiating academic programs; and advising and working closely with the Dean to help manage the college.

A 12-month contract will be offered at an AACSB competitive salary, preferably commencing July 1, 2014.

The successful candidate must possess a Ph.D. or D.B.A in finance or a related business discipline from an AACSB-accredited or similarly accredited foreign university. We seek an academic leader with a balanced record of achievement in teaching and scholarship suitable for appointment as a full professor. This person will have a high energy level and is expected to demonstrate excellent interpersonal skills; the ability to lead and manage faculty; a commitment to collegiality and the ability to interact effectively with senior business executives. The candidate should be familiar with appropriate personnel and budgetary management processes including setting objectives, developing measures, and monitoring implementation efforts. Prior management experience, preferably in academia, is desirable.

The Department of Finance has 12 full-time faculty for 2013-2014. Our curriculum offers students the opportunity to pursue one of two majors: Corporate Financial Management and Financial Services, as well as several areas of study which offer the educational basis for taking qualifying examinations for the Ohio State Real Estate Sales License, Ohio State Real Estate Broker License, Certified Financial Planner and Certified Treasury Manager. The College of Business Administration is accredited by the AACSB for undergraduate, graduate, and accounting programs and has been recognized by the Princeton Review as a Best Business School. *BusinessWeek* magazine ranks UA's College of Business Administration among the nation's top 100 undergraduate business schools and currently places it at No. 1 in Ohio for return on tuition dollars after graduation. Bloomberg's 2011 MBA rankings ranks UA's College of Business Administration 34<sup>th</sup> in the nation, 6<sup>th</sup> in the Midwest, and one of only 4 Ohio schools overall among part time MBA programs.

Here you will find excellence in the breadth and quality of our 302 academic degree programs, for the more than 27,000 students representing 48 U.S. states and 78 foreign countries. They're a culturally diverse group and they come from a broad economic spectrum. Here you will find a metropolitan setting that places you in the heart of a dynamic, regional economy, and in sync with the pulse of business, government and the community.

Most important, here you will discover energy, in the high-tech classrooms of our new academic buildings, in our new Student Union and Student Recreation and Wellness Center, and among the 200 student organizations on campus. Excellence, opportunity and energy. You will find all three at The University of Akron.

Assistant Professor – Mathematics  
Job #XXXX  
Advertisement

The Departments of Mathematics and Statistics at The University of Akron invite applications for a tenure-track Assistant Professor position in the area of probability, with preference given to areas of applied probability including, but not limited to, reliability, risk analysis, applied stochastic processes, or game theory. The job responsibilities include research and teaching mathematical and theoretical statistics courses. The new hire will have a joint appointment in Mathematics (primary) and Statistics. Preference will be given to candidates whose research has strong orientation toward applications and potential for collaboration across campus. Salary is commensurate with background and experience. Startup funds are available.

Applicants must possess a Ph.D. degree in mathematics, statistics or a closely related field by the time of employment and are expected to provide evidence of an active research program as well as evidence of teaching experience and interest in directing student research. Priority will be given to candidates with postdoctoral experience and/or demonstrated interest in pursuing external funding.

The Mathematics Department offers Bachelor's and Master's degrees in Mathematics and Applied Mathematics and accelerated BS/MS 5-year programs. An Engineering Applied Mathematics doctoral program, emphasizing interdisciplinary applied mathematics, is offered through the College of Engineering. Additional information about the department and its programs can be found at <http://www.math.uakron.edu/>. The Statistics Department offers Bachelor's and Master's degrees in statistics (with an optional concentration in actuarial science) and is part of a jointly administered BSMD program. The areas of interest of the existing faculty include experimental designs, survival analysis, biostatistics and epidemiology. Further details about the department and its activities can be found at <http://www.uakron.edu/statistics/>. The University of Akron is a state-assisted metropolitan university in northeastern Ohio with approximately 28,000 students. The university is well-known for its interdisciplinary programs and has a world-class polymer science program as well as widely recognized departments in engineering, science, business, and education.
