## NOTES:

- a. **English Comp I (ENGL 111) and English Comp II (ENGL 112)** are the recommended classes to meet the General Education Writing requirement. English (2020:121) can be used to fulfill the English Composition I requirement and Technical Report Writing (ENGL 222) can be used to fulfill the English Composition II requirement. C or higher grade required for admission to the School.
- b. **Natural Science Requirement:** Seven credits of Natural Science are **required for general education and preadmission**. One course **must** include a lab section. While a variety of science courses are offered, 7 credits are required. It is recommended that students take courses from Science Content requirements.
- c. **Social Science Requirement:** 6 credits of Social Science are required for General Education and preadmission. Many Social Science courses are required for the program and will double-dip for GenEd and preadmission. See DPR for course choices.
- d. **Placement for a Math/Stats/Logic course is determined through academic advisor.** Eligibility for math courses is determined via placement test score, ACT and/or SAT-R scores, AP scores, or prior college level courses.
- e. The Student Teaching experience is considered full time teaching and is to be taken in the last semester of the program. Due to the nature of this experience students are not permitted to take other courses other than what is recommended in the last semester as listed above. Students must apply to student teach the **semester prior** to student teaching and should see the Director of Student Teaching regarding the experience. Dates and details can be found at: <https://www.uakron.edu/education/student-teaching/>
- f. At least 58 credits of core Teaching Field Content courses required (46 teaching content requirements plus focus area course credit requirements). A 2.5 gpa is required in teaching content coursework. A variety of courses count for content requirements; see DPR for options. Please note that some courses require prerequisites and some courses will also double dip with General Education requirements.

**NOTE:** This 4-year plan assumes students will take courses during summers to fulfill the requirements, unless credits can be used from High School (AP credit, CCP, etc).

**Course substitutions or waivers may only be approved by the faculty advisor for this program.**

**FBI/BCI:** Certain education courses require BCI and FBI background checks which are used by area schools for placement made during the day. The Ohio Department of Education maintains a list of criminal convictions that disqualify applicants for a state educator license.

Please review: <https://www.uakron.edu/education/student-teaching/fbi.dot>

**Ohio Assessments for Educators and edTPA:** For state of Ohio Teacher Licensure, candidates must pass all required state examinations. See faculty advisor for additional information or review the following:

<https://www.uakron.edu/education/current-students/licensure/>

**Ohio Assessment for Educators:**

**Prior to Student Teaching** - #24 AYA Integrated Science Content

**During or After Student Teaching** - #3 – Professional Ed. Knowledge or completion of edTPA

**TRANSFER TO THE LBJFF SCHOOL OF EDUCATION:** Students can arrange for an inter-college transfer (ICT) through an appointment with their academic advisor in their current degree-granting college.

**NOTE:** This document is intended to be a **guide only** and is **subject to change without notice**. Students should consult with their advisor regularly.
