1. Review the assessment report for this course and briefly summarize the significant findings.

2. Review the **Global Diversity: Revised Learning Outcomes (Spring 2020)** and explain what actions you have taken—or will take—to improve student learning in this course based on the findings from the assessment *and* the revised learning outcomes:

LO 1: Knowledge of Global Diversity

Students demonstrate knowledge of multiple worldviews and experiences, either within a nation (other than the U.S.) or among nations, with attention to social and cultural contexts.

LO 2: Application of Global Perspectives

Students use knowledge of global perspectives for analysis, interpretation or problem solving.

LO 3: Understanding of Global Relationships

Students describe global interconnectedness from a historical or contemporary perspective.

The course must cover all learning outcomes. The assessment assignment must address learning outcomes 1 and 2.

Description of actions:

3. What on-going processes do you have in place to share course information with all faculty who teach the course, including those at Wayne if applicable? How are faculty informed about General Education learning outcomes and required assignments?

4. Include the following attachments with your completed report:

- Updated syllabus for this course. Be sure the syllabus addresses *all three* learning outcomes.

- **Updated assessment assignment(s)*. Be sure this assignment addresses learning outcomes 1 and 2. Be as explicit as possible.**

*If you require a common assignment, attach that assignment. If you provide faculty with a choice of several assignments, provide all of these. If you allow faculty to develop their own assignment, include 2-3 assignments from different faculty who teach the course. If the course is taught at Wayne, include an assignment from one of their faculty as well.
