

Intelligent.com Announces The University of Akron as One of the Best RN to BSN Degree Programs for 2020

Intelligent.com, a trusted resource for online degree rankings and higher education planning, has completed comprehensive research based on an assessment of 136 accredited colleges and universities in the nation according to curriculum quality, graduation rate, reputation, and post-graduate employment.

UA's RN to BSN program was named one of the top degrees nationally for 2020: <https://www.intelligent.com/best-rn-to-bsn-online/>. Dr. Pamela Bonnett, Director of Akron's RN-BSN program, states "We are very proud that our program has been recognized as the #29 best RN-BSN programs in the country."

The University of Akron's RN-to-BSN is a fully accredited, affordable and flexible program with a history of student success. Registered Nurses who have already earned an associates' or diploma in nursing achieve their BSN by completing eleven core courses. The program options are fully online and also face-to-face (distance learning) delivery via several satellite sites throughout Northeast Ohio. The program focus is to build upon the nurse's current knowledge base and promote critical thinking. Students are empowered to explore topics of interest that enhance their nursing practice and improve patient outcomes: <https://www.uakron.edu/nursing/academic-programs/undergraduate-programs/rn-to-bsn.dot>
