

# Prompts to Promote Ethical Gen AI Use

# Visual Prompts (Reminder): Design a Mascot

G.I.G.O.

have fun,  
be creative  
be cautious

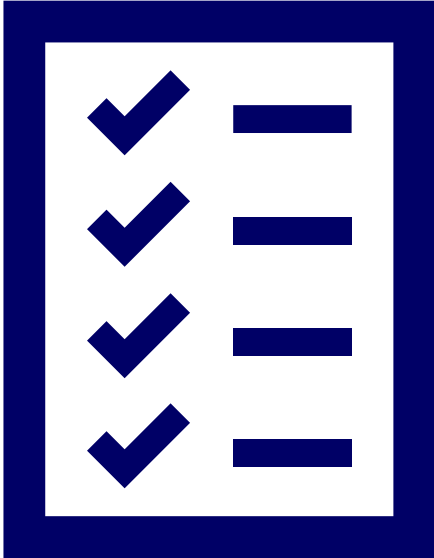

# Checklist Prompts (Process): Prompt Reflection

**Before**

**During**

**After**

# Ethical AI Use Checklist: BEFORE

	Have I been given permission to use the tool in this specific context?
	Is my intention to learn or just get a grade?
	Do I know how to use this tool?
	Do I understand the strengths and limitations of the AI?

# Ethical AI Use Checklist: DURING

Am I using the tool according to instructions?

Is the output bias/accurate?

Have I vetted alternative perspectives?

Is there a better prompt?

Are there other ways of doing this WITHOUT AI Tools?

# Ethical AI Use Checklist: AFTER

	<b>Have I been transparent about my use of AI tools?</b>
	Are my original ideas present in this work?
	Am I spreading misinformation or perpetuating harmful ideas, biases, etc.?
	Have I properly cited authors and sources?
	Did using AI help me learn/advance my understanding?

# Critical Reflection: Respond to Prompts

---

- **Use & Authorship Focused:** Write a brief paragraph at the end of your work (1) explaining how you used Gen AI. Include the prompts you used, your process of verifying its output, and who/what may have influenced the output of AI. (2) Who is the author of this work? Then explain your answer.
- **Critical Ethical Lens:** What steps did you take to ensure the ethical use of AI in your work? How did you address misinformation, gaps in voices, and spread of harmful ideas? How could you improve your use of AI tools in the future?
